

# BASIC

collection

BASIC is a collection of blanks with an old school street tradition.

For over a decade our company has produced garments for streetwear and sportswear companies. During that time we developed our own cuts and trims to provide the best possible pieces. Basing on our experience we selected those products that throughout the years were best sellers and proven to be universal for many collections.

Idea behind the BASIC collection is to offer selected and tested pieces to make the process of building your own collection few steps easier.
